The screenshot displays the IBM Cloud dashboard in a web browser. The browser's address bar shows 'cloud.ibm.com'. The dashboard header includes a search bar, navigation links for 'Catalog', 'Manage', and 'Deepan R's Account', and a 'Create resource' button. The main content area is titled 'Dashboard' and features a 'For you' section with six recommended resources: 'Build', 'Get Started with Watson Studio', 'Build a web app with Watson Speech to Text', 'Get started with Watson Discovery', 'Smart Document Understanding Demo', and 'Explore IBM Cloud Shell'. Each resource card includes a brief description, a 'Getting started' button, and a duration. Below this section, there are four more cards: 'News', 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status', each with a 'View all' link. The bottom of the screen shows a Windows taskbar with various application icons and a system tray displaying the time as 09:09 AM on 13-11-2022.

An IBM Cloud Service created Successfully.
